DETAILED ACTION

1. The following is an examiner's statement of reasons for allowance:

Ubukata (U.S. 6,469,894); Julien et al. (U.S. 6,102,110); Liu (U.S. 2004/0074633) and Lee et al. (U.S. 2003/0230398) all fail to disclose the following patentable limitations of the applicant's claimed and disclosed invention:

- first and second conduction blocks located on the middle of a first and second side of a base, respectively; wherein
- at least one heat conduction tube is installed between the first and second conduction blocks; and
- a plurality of fins radiation fins are located on two sides of the base and connected between the first and second conduction blocks.

The combinations of the claimed limitations are novel and found to be allowable over prior art. The cited reference taken singly or in combination does not anticipate or make obvious applicant's claimed invention.

Allowable Subject Matter

2. Claims 1-5 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
